What's new

Baseline MotionCam (PhOD) Jeweller	Superior MotionCam S (PhOD) Jeweller
SmartBracket mounting panel without holding screw	SmartBracket mounting panel with holding screw
Common battery	Enhanced battery
Available for all PROs	Available only for accredited partners

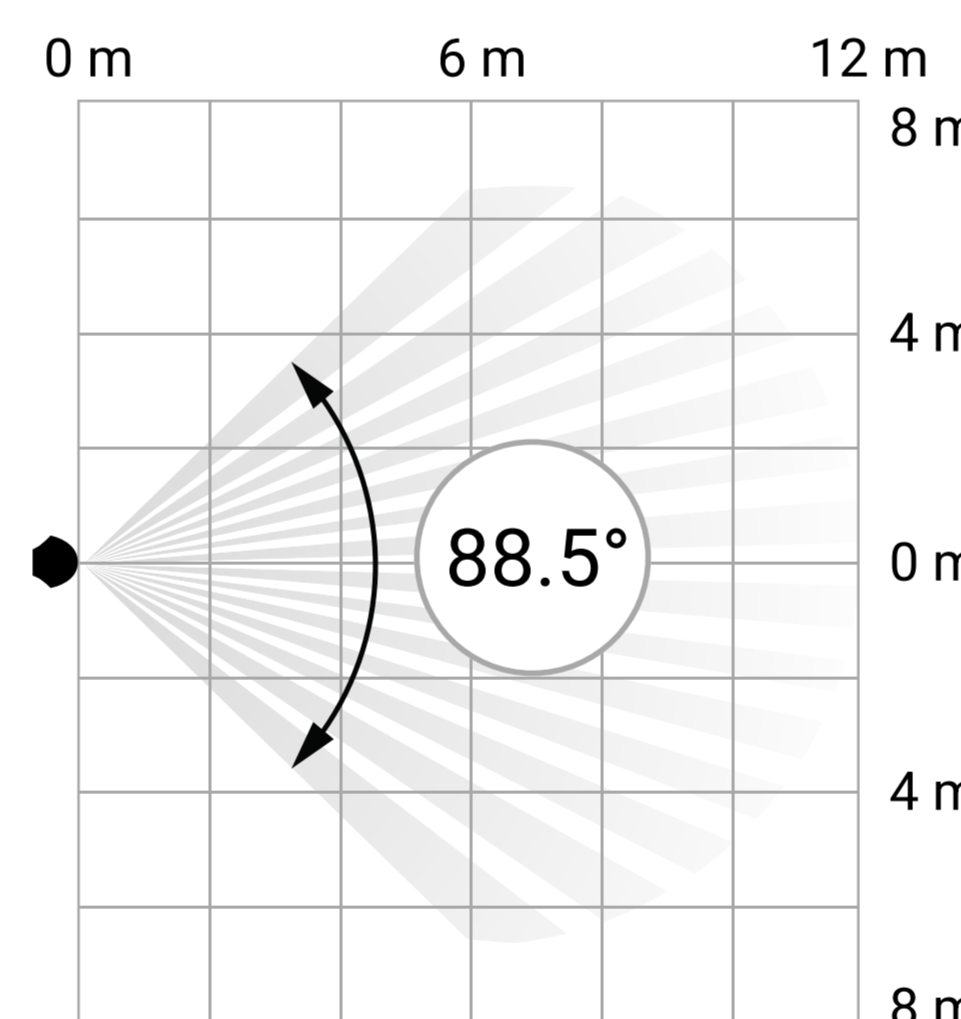

This is the device of the **Superior product line**. Superior products are advanced versions of the Jeweller devices. This product line is developed for projects. Only accredited Ajax Systems partners can sell, install, and administer Superior products.

Motion detection

1 – according to INCERT certification, detection range is up to 10 m (high sensitivity).

- SmartDetect algorithm to prevent false alarms
- Temperature compensation
- Pet immunity

Photo verification

The detector has a built-in camera to request and view photos via Ajax apps. There are three types of photo verification: by alarm, by scenario, and on demand.

- Up to 640 × 480 pixels photo resolution
- Up to 5 photos in a series
- IR backlight for low light conditions

Jeweller communication technology

- Up to 1,700 m of radio communication in an open space
- Data is encrypted throughout the transmission process
- Regular polling to display current device statuses

Wings communication technology

- Up to 1,700 m of radio communication in an open space
- Unique uploading algorithm and data delivery confirmation
- Data backup and resending if the transmission is interrupted

Sabotage resistance

- Tamper alarm
- Device authentication to prevent spoofing
- Jamming detection
- Holding screw to secure the device on SmartBracket

Flawless autonomy

- Up to 5 years of battery life
- Low battery notifications
- Panasonic pre-installed battery

Quick installation and start-up

- Pairing with a hub via QR code
- Remote control and configuration in the app
- Effortless installation and replacement

Superior, Fibra, and Baseline product lines are mutually compatible. This opens up numerous possibilities for building systems of any configuration.
